NUSSLI acquires flooring business of JMN Productions

Hüttwilen/Switzerland, April 2, 2009. **As of April 2, 2009, NUSSLI (US) LLC acquires the flooring business of JMN Productions LLC. With immediate effect, NUSSLI desires to serve all former JMN clients in the accustomed quality, which will be guaranteed by employing the entire former management team: Mike J. McKee, Bret James and William D. Naughton Jr. That move not only lets NUSSLI expand its product line, but also completes a planned step in its growth strategy by opening a South East Hub.**

NUSSLI (US) is a subsidiary of the Swiss based NUSSLI Group. The company is a leading international supplier of temporary constructions for events, trade fairs and exhibitions. The complementary product “Flooring” enhances the service NUSSLI can provide its clients and helps to strengthen the market position nation wide. “With this strategic important move, and with the employment of Mike, Bret and William, we are able to tremendously increase our capacity product and service wise”, explains Roger Kornmayer, Managing Director NUSSLI (US). “We are convinced that the wide expertise of both companies and the existing client base will lead to valuable synergies for all parties involved”.

With William D. Naughton Jr. who will take on the responsibility for our new formed Florida Hub in Tampa, Bret James who will lead our Michigan branch office and Mike J. McKee who will reinforce our operation at the US-Headquarters in Indianapolis, NUSSLI will cover the entire East Coast and thus achieves a next step in its growth strategy.

JMN Productions has always been a reputable company for custom temporary flooring solutions to the sporting and special events industry. As a result of a strategy change, JMN Productions has decided to merge its business with the globally acting NUSSLI Group.

About NUSSLI

The NUSSLI Group acts as a leading international supplier of temporary constructions. The company plans, rents, sells and assembles temporary and permanent infrastructures for cultural and sporting events as well as trade fairs, exhibitions and roadshows. The specific combination of know-how, many years of experience and international resources creates new synergies every day. These lead to innovative solutions with short lead times. The flexible construction services are characterised by speed and cost-effectiveness. From design to implementation, the company provides tailor-made, integrated services.

The NUSSLI Group has its own companies in Switzerland (headquarters), Germany, Austria, Spain, Italy and the USA and is represented by partners in other countries.
